Monday 4th February, 2013

Dear Customer,

Re: Obsolescence notification for Harwin product.

Please be advised that the following connectors are now obsolete with immediate effect.

 All J-Tek products numbered with -00-000-000 on the end – only the part number itself is obsolete; to order identical product, just drop these trailing zeroes. The attached spreadsheet shows the replacement part numbers.

Please see the attached spreadsheet for a complete list of affected items, along with the replacement part numbers. Unfortunately, we are no longer able to support these product lines under the old part numbers.

Existing stock will shortly be transferred to the replacement part numbers – please contact quote@harwin.co.uk if you wish to purchase any of the existing stock, or have any issues about existing orders or projects.

If you have any further questions regarding this letter, please do not hesitate to contact us.

Yours faithfully,

The Product Management Team technical@harwin.com

Dear Customer,

Re: Obsolescence notification for Harwin product M80-5S11622M2-00-000-00-000.

Please be advised that the following connector is now obsolete with immediate effect.

• J-Tek product numbered M80-5S11622M2-00-000-00-000.

This part has been replaced by the standard part number M80-5121622. The item is identical, this exercise is to consolidate to standard Harwin part numbers where possible. Unfortunately, we are no longer able to support these product lines under the old part numbers.

Existing stock will shortly be transferred to the replacement part numbers – please contact quote@harwin.co.uk if you wish to purchase any of the existing stock, or have any issues about existing orders or projects.

If you have any further questions regarding this letter, please do not hesitate to contact us.

Yours faithfully,

The Product Management Team technical@harwin.com
