Monday 5th January, 2015

Dear Customer,

Re: Obsolescence notification for Harwin product.

Please be advised that there are a number of ranges and individual items that are now obsolete. All are obsolete with immediate effect. Please see the attached spreadsheet (that has 2 pages) for a complete list of affected items.

We do not expect this obsolescence to have any impact on any customers – these items are all product, piece parts and packing items that have not been used or sold in some time. Unfortunately, we are no longer able to support these product lines.

If you have any further questions regarding this letter, please do not hesitate to contact us.

Yours faithfully,

The Product Management Team
technical@harwin.com
