These are all cable assemblies and pre-cabled contacts from the Datamate and Gecko range that use 32AWG cable. All other cable sizes are **not** affected by this obsolescence.

Please see the attached spreadsheet for a more detailed list of affected items, also available in Excel format here:

https://cdn.harwin.com/pdfs/Obsolescence notification spreadsheet 20-Jul-2020.xlsx

Unfortunately, we are no longer able to support these product lines. We would recommend switching to 30AWG options as an alternative (G125-FC3, G125-MC3, G125-FW3, G125-FW3 and M80-FC5).

If you have any further questions regarding this letter, please do not hesitate to contact us.

Yours faithfully,
